JC start can visualize as a 4 year player. Like physical actions in game especially his bat. Ball gets off barrel saw some 94/95 exit speeds. Solid 45 arm defensively with release times in the 2.09-2.13 range. I like the edge he brings to the field. Physically lot more mature than most of his teammates. See strength but also see some stiffness in actions as well. Looks like he's not afraid to move weights. See as a next level player. Great chance for. Future growth in game. Feel like he will have over fence type power.
